

# WHITE CONCEPT® SYSTEM

To create White colours on tannic woods without colour bleeding

## PRIM' AQUATEINTE™

BLANCHON  
INNOVATION

- Prim'Aquateinte™ is a primer for use on tannic woods (oak, chestnut etc) prior to an application of Aquateinte™ 2K white or pearl grey of WHITE CONCEPT® System.
- It blocks the tannins, preventing the original Aquateinte 2K stain from turning yellow or green when overcoated directly with a water-based finish.

\*Quality is in our nature

- Odourless Primer Pro-Aqua.
- No traces.
- Can be applied on all types of wood.
- Make light colours durable (white and grey) without alteration of wood tannins.
- Required dedicated tools.
- Available in 5L and 1L.

Directions for use on tannic woods:

WHITE CONCEPT™ SYSTEM

- Single-component or two-component water-based lacquer.
- Best results with Intensiv™, Invisible finish or Original Wood Environment™ Rough Timber or Ultra Matt.

# WHITE CONCEPT® SYSTEM

New light colours  
to apply on top of Prim'Aquateinte™ on tannic woods.

## AQUATEINTE™ 2K

Aquateinte™ 2K white and pearl grey

BLANCHON  
INNOVATION

- Aquateinte™ 2K range has 2 new colours: white and pearl grey.
- These light colours can be directly applied on non-tannic woods (i.e. pine).
- And to maintain colour on tannic woods (oak, chestnut, etc), it is required to apply first a coat of Prim'Aquateinte White Concept® System. This primer **blocks the tannins**, preventing the original Aquateinte 2K stain from turning yellow or green when overcoated directly with a water-based finish.

Aquateinte™ 2K white

Aquateinte™ 2K pearl grey

- Directions for use on tannic woods:

WHITE CONCEPT® SYSTEM

- Single-component or two-component water-based lacquer.
- Best results with Intensiv™, Invisible finish or Original Wood Environment™ Rough Timber and Ultra Matt.

- Blanchon AQUATEINTE™ 2K is an odourless, 2-component stain.
- Can be directly recoated with all primers or water-based finishes.
- 2 new colours white and pearl grey.
- 12 finishes with exceptional depth of colour.
- Best results are achieved when used on wood with pronounced or clear grain patterns.
- Available in 1L and 5L cans + hardener.
